**Short Bio:**

**Eric is a multi disciplined healer and avid researcher, an eternal curious who explored Free Energy, Gravity Engineering and healing modalities for the past 20 years. He is an explorer of consciousness and a world traveller.**

**Eric specializes in working with the multi-dimensional aspects of the human experience. He teaches and assists people in tapping into their own power of healing their life, physically, mentally, emotionally, and quite frankly multi-dimensionally. It is his passion to teach people how to cultivate and condense life force, and he provides personalized Bio-regenesis sessions in which he assesses and harmonizes people's biofield, removing any impediment to information and energy flow, and therefore allowing the body the environment it needs in order to do what it does best, which is heal itself. He works with non invasive modalities, such as Pangu Shengong, personalized codes he channels, and a Bio-Regenesis consciousness assisted technology. Eric, also uses Healing Integration Therapy, as taught by the Angelic Realm: Geschichte.**
